		<p>It must be observed that the number of acres of land under the name of Cultivated land that two thirds of this land is giving very little produce for after a few years at the first the soil on the surface becomes poor and produces little or nothing but raspberries and weeds of every description and cannot be tilled for cocks and stones therefore the poor emigrant is disappointed of making a home for himself and of spending after all his toil he is in poverty he then leaves this and goes elsewhere to look for a home in some other part of the world</p> <p>on my tour to the Township of Warrington about 10 Miles I find that $\frac{2}{3}$ of that distance can never be tilled, it is nothing but Mountains of rocks after each other I can certify that there is a great deal of acres of land in those Townships that produce nothing but will soon be a bush again</p> <p><i>John Nicholson</i></p> <p>In some parts the grain was cut down by the frost so that a good many of the Inhabitants are not able to live good for these families</p> <p><i>John Nicholson</i></p> <p>In the Township of Warrington ten Miles further</p> <p><i>John Nicholson</i></p>
