<p><i>In this Census District First Mill with its run of stones one for making oat Meal and the second for wheat the former does a great deal of business in the winter while the latter falls very little to do in consequence of so little wheat raised in the settlement</i></p> <p><i>There is one saw Mill against the Great Mill</i></p> <p><i>The above Mills was raised in 1832 and cost five hundred pounds but it being a wood building it is not considered to be value for more than the two thirds of that sum now it would cost about forty pounds annually</i></p>
