		<p>through the section to which this sheet refers from my own personal observation I can say the land is generally good, in some places a little stony.</p> <p>At the time of taking the Census here as well as at other places the snow was drifted and drifting in such a manner as to make it difficult to get between houses and to judge of the quality of the land from the surface of the snow being feet of snow as they covered it was a matter of impossibility.</p>
<p>Commission A. 26, 34, 35, 32 & 31. with 1000 ft. from 6. Grout Mill Mr. John Telfer 2 run of Stone Capable of Grinding 10 Bushels per Hour Coal Run Bolts Cost £1300.00</p>	2	<p>I have taken the probable cost of Mr. Telfer's Mill from his own estimate which I have no doubt is correct at the same time I think the amount might have been more judiciously laid out</p>
