		<p><i>Great quantities of lumber have been taken from this township during the last 6 or 8 years</i></p>
		<p><i>The amount of Saw logs chiefly pine which have been and are still being delivered on the banks of the Assiniboia per day, at the lowest estimate is £50 worth, which has now for 14th continued about two months and in all probability will, as long as the fleaching (which is now of the best quality) continues</i></p>
