

Information as to Mills, Factories, &c., &c., their cost, power, produce, &c.	Number of persons usually employed therein.	General Remarks of the Enumerator.
39	40	41
1 Steam Saw Mill on lot number two in the South Concessions. The property of Messrs. Farmer & De Blaquiere but as there was no agent present neither any of the proprietors I had to procure the following intelligence from the workmen. Cost \$1,000. Powered 12 Horses. Probably produce annually 1 1/2 million feet of lumber, only in day light or in other words 12 hours out of the 24. The number of men usually therein is 11 But there are as many more in the woods getting pine logs. They may distinguished from the sawyers & labourers in the mill yard by having their occupation pointed out as lumberers.	11	Could not obtain any information as to the quantity of land occupied by this company or the number of the lots as a pinery to supply their mill but the mill yard occupies 7 1/2 acres.
The same company have also at a vast expense constructed a rail road a distance of five miles for the transportation of the lumber produced at the above mentioned mill in Houghton to another mill (also their property) in Walsingham.
