		<p>Regard to Established Churches in the Mother Country (or countries rather) as for instance a man or woman will say that they belong to the Church of Scotland because their Father or Grandfather was a member of that Church but more some say that they are informed that those who belong to no denomination may give themselves as belonging to the Church of England which shows the difficulty of attaining to a correct account of the number of real adherents the plan adopted in the present case is to ask the question and whatever answer is given (without any reason) put it down as given the only explanation required with regard to their statement that the letter M. is put for married, the letter S. for single, the letter W. for Widow, the letter U. for single Episcopalian - Church of England.</p> <p>Old Presbyterian Established Church of Scotland or Kirk Free Presbyterian Free Church</p>
