<p>Grist mill and sawmill Cost of mill is difficult to say, the two parties owning the mill then mostly with their own hands den^{ying} what they will suppose about one thousand pounds profits from one to two hundred pounds depend to say as they never keep an account. The above is the only mills this section of East Zorra excepting thrashing machines of which there are a sufficient number to thrash all the raised as the Town section of East Zorra there are portable machines with separators which thrash from one to two hundred and fifty bush of wheat per day, they owned by different farmers who thrash fall and winter. The old system thrashing with ice sticks is passing away.</p>
