		<p>Would remark that in my district there is no mill of any description within five miles or ten miles nor factories by reason of some of these being in my district but are taken from making any remarks concerning all such.</p> <p>The only thing that I have to remark is that the inhabitants of my district has done all that they could in order to give me a little trouble as possible and also to give as much satisfaction to the board concerning all the different questions that come before them - I do feel it my duty to record such people who are an intelligent people any circumstances in the measure and action for and hospital and I am sure the same the greatest of justice from all who share the settlement to what they belong.</p> <p>with these few remarks I do now return my personal Census Sheet</p> <p><i>D.
