

Information as to Mills, Factories, &c., &c., their cost, power, produce, &c.	Number of persons usually employed therein.	General Remarks of the Enumerator.
39	40	41
		<p>The Gaelic is the General Language spoken, the greater part of People understand English particularly the young People, in some Cases I was forced to hire an Interpreter which cost me the pound &amp; 10.</p> <p>The State of Schools in this Township is deplorable there is some Shanty built in the Township for the purpose of School Houses, there is only one School open at present and no likelihood of the others being open, the People generally complain of the New School not despatching them of the means of keeping their schools open as they say they are not able to afford to hire a qualified Teacher, I endeavored to impress upon them the great necessity of holding Annual School Meetings and of voting a Tax upon all the Property of the division so that it would come light upon all, I showed to the more enlightened of them that we did so in our school Section in the Township of Ups to which I belong and that the effect was that each party had but little to pay, and that whereas when a rate Bill was to be paid in former years the average Attendance would not exceed 25 Pupils, and that now under the new Law the average Attendance in the same School was 60 pupils.</p> <p>Trust that my remarks in this subject will have a good effect for the next year.</p>
